RE: City Services

As we continue to monitor the changing CoVid-19 pandemic, the City of Solon Service Department prioritizes the health and safety of our employees and residents. Please be assured that we will continue to provide quality service. However, in an effort to continue City Services, without disruption, our Rubbish and Recycling Program will need to be adjusted to optimize the health, safety, and welfare of our employees.

Until further notice, the Service Department will NOT be accepting residential drop off at the Service Department. Additionally, we will be suspending the City’s compost and mulch sales.

Automated curbside pickup, brush, and lawn bag pickup will continue, without disruption.

However, the following changes will be made for curbside pickup:
- All rubbish and recycling must be placed into the carts – no additional rubbish outside of carts
- Construction debris will not be picked up
- We will continue to pick up, with our crane truck, large appliances.
- *Bulk items, such as mattresses, couches, chairs, cabinets, will NOT be picked up.
- Household Hazardous Waste curbside pickup has been suspended until further notice

*We will be temporarily picking up storm-damaged bulk items.

Earth Day Celebrations have been cancelled. A Community Shred Event will be held at a later date, TBD.

Future changes to this policy will be made if CoVid-19 continues to impact the City, County, and State.

Please contact the Service Department at 440-248-5834, if you have any questions about curbside pickup.

Simple Recycling has notified the City that they have suspended pickup, as well. Please call 866-835-5068, if you have questions regarding Simple Recycling

We apologize for any inconvenience this may cause.
