**OPENED SINCE: 2018**

**OWNER:  
NICOLE DAURIA**

### **Why did you choose to locate in Solon?**

I was raised in Solon, graduated in 1987 from Solon High School, and now, I raise my family here. And now, my business is located at 35860 Bainbridge Road in Solon.

### **What is Pop Culture CLE?**

Pop Culture CLE is a manufacturer, wholesaler and retailer of gourmet, artisanal desserts. Our products can be found at Miles Market, Metropolitan Market and The Pop Corn Shop, as well as events in the Greater Cleveland area when possible.

We create small, handcrafted batches of popsicles made with fresh, gourmet ingredients. We also create vegan popsicles, dairy-free popsicles and a new line that does contain dairy.

### **What is the most popular item that you sell?**

Our most popular items are the crème brûlée popsicle and Liege Waffle.

In fact, the crème brûlée popsicle is so popular, it made the Best of Cleveland list! It was recently named as Cleveland Magazine's Best of CLE: Dessert on a Stick. The article can be found here: <https://clevelandmagazine.com/best-of/best-of-cleveland/articles/best-of-cle-dessert-on-a-stick>

### **What can Solon residents do to help support your business?**

During the pandemic, we rolled up our sleeves and spent many hours in the pop lab coming up with some very creative flavors and ideas to expand the menu of confections on a stick.

Solon residents can continue to support local small businesses. If customers are interested in placing an order for the items they can't find at our distribution partner locations, please check out the website [www.popculturecle.com](http://www.popculturecle.com).
