

Solon Mobility Taskforce

The City of Solon is a vibrant suburban job hub located 20 minutes southeast of Cleveland. The purpose of the Solon Mobility Taskforce is to improve workforce mobility in Solon to better connect great talent with great jobs and careers.

Objectives Include:

1. Assessing public transit via employer and employee questionnaires.
2. Developing public/private micro-transit solutions for first mile, last mile service.
3. Collaborating with our partners to determine if bus service should be realigned or expanded to reduce travel time.
4. Overlaying our data with the Solon Connects initiative to improve safety and accessibility.
5. Researching and recommending funding options.
