CLUB PILATES

OPENED SINCE:
SUMMER OF 2018

What does Club Pilates offer? We offer premium reformer-based group Pilates classes as well as private training.

What sets you apart from other gyms? We are a boutique fitness studio. Unlike big gyms, we really tailor each membership and class to our members and have their goals and satisfaction in mind at all times. I believe we bring a personal touch to the fitness industry while providing a one-of-a-kind workout with staff that is passionate and knowledgeable! All of our reformers are 6 feet apart as well.

Are there any specials or deals for residents right now? Yes! We offer a FREE 30-minute intro class to the public. Come and try us out! Memberships are currently 20% off for your first three months as well.

Book a free 30-minute Introductory Class to walk through Pilates basics and familiarize yourself with the specialized studio equipment. All fitness levels are welcome. A schedule of available classes can be found here: clubpilates.com/location/solon.
