

# SOLON BUSINESS SPOTLIGHT

6384 Som Center Rd, Suite B  
Solon, OH 44139  
[theshredeasy.com](http://theshredeasy.com)

OPENED  
SINCE 2019!

OWNER: JIM MACMILLAN

## Why did you choose to locate in Solon?

We've lived in the Chagrin area for over 20 years. We felt Solon had a healthy business community with plenty of demand for our services, along with a thriving residential community. We wanted to be a treasured part of the community offering a fairly unique service that almost everyone needs from time to time. Our location is perfect for dropping off boxes and computers, with plenty of convenient parking.

## What do you offer your customers?

We offer two primary services:

1. Secure document shredding
2. Hard Drive Destruction. Who doesn't have old tower computers and laptops in their basement? Nobody knows what to do with them - but now they do! Everything we destroy - paper and electronics - is 100% recycled. Raw materials such as paper fiber, silver, copper, precious earth metals, everything gets reintroduced back into the supply chain.

## What can the residents of Solon expect from your business?

So much. In addition to the physical destruction of documents and information, we also provide the opportunity to witness the entire shredding process, in fact we encourage it. We have an exclusive "secret" viewing lounge that allows customers to watch the shredding process while enjoying a cup of coffee or even a glass of wine if they prefer. Customers become part of The ShredEasy family.

Ultimately, everyone leaves with complete peace of mind, as well as a great overall experience. Plus, we have an adorable shop dog!

## What else would you like them to know?

In addition to paper shredding, we employ the most secure methods to eliminate data from hard drives. Prior to the physical destruction of the drive, we perform a degaussing process, which is the only true method to eliminate data from the drive. Our degaussing process is so secure, it's approved by the NSA. Degaussing is a demagnetizing process that magnetically destroys data on hard drives making the data forensically unrecoverable.

## What might customers not know about The ShredEasy?

Our SpeakEasy viewing lounge is very popular and is available to rent for any occasion. We've hosted surprise birthday parties, date nights, 1920 theme nights, book signings, therapy sessions, company sales meetings, gender reveal parties and Christmas parties - all kinds of wonderful things. It's a really unique space that is completely unexpected from a document shredding company. Everyone loves it!
