When did you open in Solon?

We opened Rita's Beauty Care across the street in September 2011. We moved to our current location and became Rita's Salon and Spa in July 2019.

Why did you choose Solon?

Solon is a friendly and engaging community, and it is growing in diversity. We love the community and people, and appreciate what they have to offer in terms of allowing family-owned businesses the room to grow. Solon is a modern suburb, filled with various residents and businesses. We were also looking for a location that connected to various freeways.

What are your most popular services?

We have 3 very popular services: Eyebrow Threading, Eminence Organic Facial and Brazilian Wax.

What makes Rita's Salon & Spa unique?

Rita's Salon & Spa is a full-service beauty destination, specializing in an array of personalized salon and spa services from head to toe. We want our guests to experience affordable luxury with expert hair styling and color, nail services, massage, facials, makeup, waxing, threading and lashes.

How can Solon residents support your business?

During the pandemic, Solon residents can help us by purchasing gift cards for themselves or loved ones either in-store or online! They can also help promote our business through word of mouth by recommending Rita's Salon & Spa to a friend or family member. Additionally, please rate and write us a Google review. We have been blessed to gain local support when the pandemic started as people bought retail products and gave generous gratuity, especially during the holidays.
