Eisenhauer & Jeff Gilger**

When did you open your business in Solon?

May 21, 2021

Why did you choose to locate in Solon?

We opened our first CLEAN Express Auto Wash about a year ago near downtown Cleveland, with the goal to responsibly expand throughout the Greater Cleveland area. In a short amount of time, we have opened 6 locations, including our most recent location here in Solon. We were attracted to the city of Solon because it is a thriving community with a strong economic development infrastructure that supports its local businesses.

What services do you provide?

CLEAN Express Auto Wash offers fast, high-quality and environmentally friendly car washes that are 100% satisfaction guaranteed, and available in three options: CLEAN (\$7), CLEAN-er (\$12) and our signature CLEAN-est (\$18). Our Monthly Unlimited Wash Club, starting at just \$20 a month per vehicle, offers unlimited car washes at any CLEAN Express Auto Wash location. Finally, all of our locations offer free vacuums so our customers can keep their cars sparkling clean both inside and out!

What makes your business unique from others?

We are unique because we are home-grown & operated, and we truly want to make a difference in our local communities. An example of this is our recent Solon CLEAN Express Auto Wash Grand Opening. We partnered with the Solon Benevolent Fund, and we ended up giving away nearly 2,600 free car washes in exchange for a monetary donation during our Grand Opening. We raised, with the help of Solon Benevolent Fund's incredible volunteers, \$14,311.43 for the Solon Benevolent Fund! We are so much more than a car wash and are proud of our community relations efforts.

Are you offering any specials or deals right now? What else would you like the residents of Solon to know?

We invite all Solon residents out to the wash, and our onsite team looks forward to meeting each of you individually. Mention this spotlight for a free CLEAN Express air freshener!
