### **Why did you choose to locate in Solon?**

We chose this location to help service the Solon community with childcare. We want to provide top-level childcare through nationally recognized education philosophies, which is when lifelong learning begins in child development. We do so by creating a loving, kind and gentle atmosphere that allows our children to learn and feel safe while away from their parents. Everything that E & E Angel's Child Care Center does is fostered around the care and learning experience of our children by our highly trained staff.

### **What do you specialize in?**

We specialize in maintaining a highly regarded reputation for Excellence in providing exceptional care and an exciting educational learning experience. We encourage parents/guardians to participate in the child's learning, growth and development because they are their first teacher.

### **What sets you apart from other daycares?**

What sets us apart from the other childcare centers is our extended hours; we stay open until midnight. We have talked to some of the businesses in the area and they stated that they have a hard time keeping staff because they do not have childcare in the evening. E & E Angel's Child Care Center can provide that service for them.

### **What else would you like the residents of Solon to know?**

E & E Angel's Child Care Center may be new to the city, however, we would like to say thank you to Solon for allowing us to be a part of your community. We wish everyone a great rest of the year and we look forward to serving the Solon community in the years to come.
